Ukraine Humanitarian Crisis Update

December 31, 2022

Following eight years of conflict in Donbas, the past year of international armed conflict in Ukraine has left behind insurmountable suffering, death, and destruction. Since February 2022, nearly one-third of the people living in Ukraine have fled their homes, either to neighbouring countries or to other parts of the country. Those closer to the hostilities are facing daily challenges to protect themselves and their loved ones, while dealing with limited access to water, heat, health care and other essential services.

The Red Cross continues to work around the clock to respond to humanitarian needs in Ukraine and surrounding countries. The generosity of donors and support from the Government of Canada has helped reach people with vital aid in Ukraine and across Europe.

CANADIAN RED CROSS RESPONSE

Deployed **45** highly trained humanitarian experts to support the Red Cross Red Crescent Movement response on operations management, migration and displacement, cash assistance, health coordination, shelter and winterization, communications, and coordination of response efforts.

Provided more than **38,900** emergency relief items such as blankets, tarps and cooking supplies to Ukraine and neighbouring countries, thanks to support from the Government of Canada.

Provided funding for more than **6,700** primary healthcare consultations through Mobile Health Units during more than **350** community visits in Cherkasy Oblast, Ukraine, since August 2022. The teams are reaching people, including those displaced by the conflict, in remote areas where infrastructure has been damaged, and access to health care has been impacted negatively, to provide health assessments, medication, treatment for minor injuries, and referrals for additional care.

Provided funding for the salaries of up to **10** psychotherapists at the Lviv Regional Clinical Hospital in Lviv, Ukraine, due to the ever-increasing mental health needs. Since October 2022, the team has provided **1,282** therapy sessions to **220** individuals which has contributed to improving the wellbeing of patients who have experienced traumatic events. The integration of mental health into a regular hospital setting is the first of its kind in Ukraine.

RED CROSS RED CRESCENT MOVEMENT COLLECTIVE RESPONSE IN UKRAINE AND SURROUNDING COUNTRIES, WITH SUPPORT FROM THE CANADIAN RED CROSS

Reached more than **14 million** people with emergency relief items, including food, water, blankets and help accessing basic services.

Distributed more than 199 million CHF (**\$288 million** CAD) in multi-purpose cash assistance to support basic needs, rental assistance, health or shelter.

Assisted more than **1 million** people with health services.

Provided shelter assistance to **1.8 million** people either through rehabilitation of existing structures or in temporary accommodations.

Provided improved access to water for **10.5 million** people and adequate heating to **1.4 million** people.

Reached close to **3 million** people in Ukraine with hygiene supplies.

Provided more than **328,000** people in Ukraine with mental health and psychosocial support.

Assisted more than **252,000** people in Ukraine with transportation from conflict-impacted areas, including through safe and voluntary evacuations.

Improved the living conditions of more than **160,000** people internally displaced by the conflict through assistance to collective centers providing temporary shelters and other essential services in Ukraine. This includes repairing damage to centers, assisting with renovations to accommodate increased needs, and providing supplies.

Supported **170** health facilities in Ukraine with medical equipment, tools, and medication.

Provided information about their loved ones, including prisoners of war, to **4,000** families.

Mobilized more than **124,000** Red Cross volunteers and **59** Red Cross Red Crescent National Societies to meet the needs of those impacted.

CANADIAN RED CROSS: UKRAINE HUMANITARIAN CRISIS APPEAL UPDATE

The Canadian Red Cross thanks the generous individuals, businesses, and the Government of Canada who provided funds in support of people impacted by the crisis in Ukraine.

The International Red Cross Red Crescent, including Canadian Red Cross, continues to respond to the evolving needs of people whose homes, livelihoods and access to critical services are threatened by the conflict, and is committed to helping meet humanitarian needs for the months and years to come.
